### BIBLE READING PROGRAMS / BIBLE TRANSLATIONS

A couple of weeks ago, I placed some daily Bible reading programs on the coffee table in the foyer for those that wanted a guideline to follow. I also placed a selection of different translations of Bibles so you might have the opportunity to look over them to see if there was a translation that you might like to purchase for yourself. I probably did a poor job of expressing that these sample Bibles were just for you to look at to see different translations that you might then go and purchase. These were not for you to pick up from the table and take home with you. These were samples from my personal library. So please, if you inadvertently took one of these home with you, please bring them back and place on the coffee table again and I will pick them up to put back in my library. Sorry for the misunderstanding. I will do better in the future about explaining.

### DIGITAL RECORDER - OLYMPUS

We have also had a little digital recorder that has come up missing. It was an Olympus recorder and if you accidentally picked this up, please return it to the sound room in the back of the auditorium.

### AUDIO RECORDINGS – SUNDAY SERMONS

In the near future, we will have audio recordings of each Sunday's sermons for you to order if you would like. Several have already asked for these and we are trying diligently to do this for you on a consistent basis. So far since the first of the year, we have been a bit "spotty". But we are striving to do better. The cost for these will be \$2.00 each. We believe we can get Sunday morning and evening on one CD. Please let Sabrina know which lessons you would like to order.

*Thanks Bill!*
