WHY DOGS LIVE LESS THAN HUMANS

~continued from cover~

- Stretch before rising.
- Run, romp, and play daily.
- Thrive on attention and let people touch you.
- Avoid biting when a simple growl will do.
- On warm days, stop to lie on your back on the grass.
- On hot days, drink lots of water and lie under a shady tree.
- When you're happy, dance around and wag your entire body.
- Delight in the simple joy of a long walk.
- Be faithful.
- Never pretend to be something you're not.
- If what you want lies buried, dig until you find it.
- When someone is having a bad day, be silent, sit close by, and nuzzle them gently.

That's the secret of happiness that we can learn from a good dog.
