A BLUEPRINT FOR CHANGE

~continued from cover~

Change Comes When There Is Good Communication - We need more discussion on "What are we doing?" and "Why are we doing it?" Prayer and dialogue will break down barriers. Attitudes will change and people will be ready for change. We need family meetings to talk about goals and missions. Many times we will realize that we have the same goals just different methods. We need to promote open and honest dialogue.

Change Comes When Everyone Prays - Just pray for God's will to be done, together. This will not happen overnight, but it WILL happen. If God is in control there will be times for destroying buildings, moving, and purchasing new property. We need to remind people it's time to move forward! It's time to move on for God's glory! And, prayer is one way to get there!

What great advice! These notes were taken from a two day seminar in 2004. Those words are just as true today as they were on that weekend several years ago. After our family meeting I urged everyone to spend time in prayer about our future and the sale of our current property. I hope you will keep praying for God's will to be done!
